

Talking Accounts

Talking Accounts entails:

Financial Reports that narrate and talk to you. Speeds up decision making process and understanding

Our Approach is diagrammatically indicated as follows:

Talking Accounts present an opportunity for ease of understanding of financial jargon and interpretation. Please do contact us obtain a demonstration of how your financial information can be interpreted.

Our Deliverable to you is typically:

- Talked and narrated analysis of:
 - Financial Ratios; or
 - Management Accounts; or
 - Key Performance indicators; or
 - Financial Statements.

What we generally need from you is:

- Access to your accounting records
- Frequency of reporting

This is part of our Digital Accounting Solutions Offering, where we provide you with innovative Digital Financial Management Tools to bring efficiencies to your business

Our Digital Accounting Solutions promise statement:
 “To provide businesses with up to date digital accounting solutions and tools that supports entrepreneurial intuition to drive efficiencies and analysis through digital analytics and facts.”
